CALL SCRIPT TO DEMAND IMPEACHMENT

"Hi, my name is [Your Name], and I'm a constituent from [Your City / Zip Code].

I'm calling to urge [Representative/Senator [Last Name]] to take immediate action toward **investigating and impeaching the President** for multiple, documented abuses of power.

These include:

- Bombing Iran without Congressional approval
- Obstructing justice by firing investigators
- Threatening to defund states over elections
- Corruptly using office for personal or campaign gain
- Violating the rights of trans people and immigrants
- Undermining Congress and attempting to subvert democracy

These actions are not just unethical—they are **impeachable**.

I want to know: **Will [Representative/Senator] publicly support investigations and accountability?**

I'll be watching for their response. Thank you."

If they push back or ask why you care:

"Because if Congress does nothing in the face of unconstitutional acts, it sets a precedent that presidents are above the law. That's not democracy. That's monarchy - and we already said no kings."
